

**The inaugural Bluearth Charity Golf Day will be held on Friday March 19, 2021 at Euroa Golf Club.**

This special event is set to attract around 150 guests and will non-stop fun with the amazing lineup of activities we have planned. A four-ball Ambrose will kick off at 8:00am, with complimentary coffee and pastries being served beforehand from 7:00am. Following the game, there will be post entertainment including a BBQ luncheon, music, and presentations. The guest speaker will be Malcolm Freake OAM, Founder & Patron of the Bluearth Foundation, who will share his passion for the importance of moving well and discuss the Bluearth approach and the impact it can have on a child's life.

Moving well (regularly, intentionally and mindfully) is a key factor in living a happy, healthy life. Bluearth runs a holistic program in Australian communities to teach people the power of moving well and the intrinsic physical, psychological and socio-cultural benefits of doing so. Bluearth works with Australians now, to inspire change over a lifetime.

As humans, movement is in our innate programming so Bluearth is not based on something foreign, but familiar. Coaches nurture and develop the untapped movement of individuals (regardless of their abilities), so they can move confidently and competently now and in the future.

It's vital that we raise necessary funds to keep our vital work going of bringing the power of movement to communities across Australia and setting individuals up for a life of moving well. We encourage you to join us and be part of our journey.

This year the funding raised will be distributed to Euroa, Avenel and St Johns primary schools to subsidise the Bluearth Active Schools Program and Teacher Workshops in the 2021/2022 academic year.
