

GNOME KNOW YOUR NEIGHBOURHOOD

How well do you know your neighbourhood?
Have you walked most of the streets?
Where are the best playgrounds?
Do you know where the bike paths lead to?

These school holidays, we're asking Canberran families to get outdoors and explore their local area. To make it extra fun, we'd love your help in creating a Gnome Hunt for your suburb.

To join in, you need to create a Gnome Village in your window or front garden for other kids to spot from the street. You can use our Colour-Cut-Crete print out, or get creative with your own design.

Invite your neighbourhood friends to come and check out your Gnome Village. You can even invite them to join the fun and create one too!

Get your Gnome Village and invitation to join here
bluearth.org/gnomeyourneighbourhood

Remember to share your Gnome Village creation and finds
[#CBRGnomeYourNeighbourhood](https://twitter.com/CBRGnomeYourNeighbourhood)

Happy exploring!
